Who can join the Parent Committee?

Any parent/guardian of a student enrolled in the SCUSD American Indian Education Program.

What are the duties of the Parent Committee?

Advise the school district on the program offerings and budget for the Indian Education program. The parent committee approves and signs off on the yearly grant. The parent committee assists in planning the graduation and back to school night.

Why is it important to have parent involvement?

Parent voice is so important at the district level. Parents can be the strongest advocates for change and growth by using their knowledge to inform the staff, administrators and programs that serve their students.
